What is an Africa MAAFA sponsor?		
A Maafa sponsor is one who contributes financially to assuage the tragic remembrance of the Atlantic Passage (European Slavery).		
Maafa is a Kiswahili word meaning the SCATTERING .		
A sponsor is one who helps to alleviate pain, abolishes protracted ailments that continue to linger like a mystic cloud forever warring at the horizon of the Western World.		
A sponsor helps to assist students to participate in the annual Maafa event and contributes to those who find it difficult to continue their studies due to lack of finance and personal necessities.		
A sponsor provides students the opportunity to re-educate themselves, encourage the uneducated and the misinformed relative to the historicity of ancient and modern African cultures, philosophies, and contributions.		
A sponsor participates by proxy in the Africa Remembrance Day by having ones name appear on the program and the visual screen display, recognizing and honoring those who care enough to make this Solemnity possible.		
A Sponsor pours libation in behalf of those interred without proper spiritual Rites.		
A sponsor shows loving kindness in a world that seems to have less of it each and every day.		
Eternally Thankful
